STA Talks - Post-Secondary Admissions and Influencing Factors

Melinda Giampietro is the founder of Options Solutions Educational Consultants. She will discuss the state of post-secondary admission and the factors influencing the 2023 cycle. This seminar will focus on what we DO know and what we CAN do to help students prepare and strategize for the next few years. Academic and extra-curricular requirements will be explored as well as how students can differentiate themselves in an authentic way. Students are encouraged to attend with their parents, and will receive volunteer hours for participating.
